 **exinplast**

Who we are ?

Exinplast is a new extrusion and injection plastic manufacturing company. We aim to grow rapidly with our experienced staff. By focusing on customer satisfaction, we strengthen our respected position in the sector with investment and innovation every year. We work meticulously to offer quality products in our 4000 square meter modern production area.

Biz Kimiz ?

Exinplast, yeni bir ekstrüzyon ve enjeksiyon plastik üretim firmasıdır. Deneyimli kadromuzla hızla büyümeyi hedefliyoruz. Müşteri memnuniyetine odaklanarak, her sene yatırım ve inovasyonla sektördeki saygın konumumuzu güçlendiriyoruz. 4000 metrekarelik modern üretim alanımızda, kaliteli ürünler sunmak için titizlikle çalışıyoruz.

İçindekiler / Contents

Endüstriyel Mutfak / Industrial Kitchen	5-6
Endüstriyel Soğutma / Industrial Refrigeration	7-9
Ekstrüzyon Profilleri / Extrusion Profiles	8-13
Enjeksiyon Parçaları / Injection Parts	14-17
Su Drenaj Sistemleri / Drainage Systems	18-19
Bağlantı Elemanları & Vidalı Sistemler / Fasteners and Screws Systems	20-21
Metal Bileşenli Plastikler / Metal Inserted Plastics	22-23
Tampon Profilleri / Bumper Profiles	24-26

Exinplast ekstrüzyon ve enjeksiyon konusunda yaklaşık 20 yıla dayanan tecrübesiyle kurulmuş olduğu yıldan itibaren sektöre çok hızlı adapte olmuştur. Genç ve dinamik kadrosuyla sektörün ihtiyaçlarına kreatif çözümler bularak sektörde yerini almıştır. Sahip olduğu son teknoloji ürünü makine parkuru , kadrosunda uzmanlaşmış personeli ile hizmetlerini sürdürmektedir.

Çalıştığımız hammaddeler;

- * PVC (Soft & Hard)
- * TPE
- * POM
- * PP
- * ABS
- * PC
- * PMMA
- * Polyamid 6,6 & 6

Exinplast, with its nearly 20 years of experience in extrusion and injection, has adapted to the sector very quickly since the year it was founded. It has taken its place in the sector by finding creative solutions to the needs of the sector with its young and dynamic staff. It continues its services with its state-of-the-art machinery and expert staff.

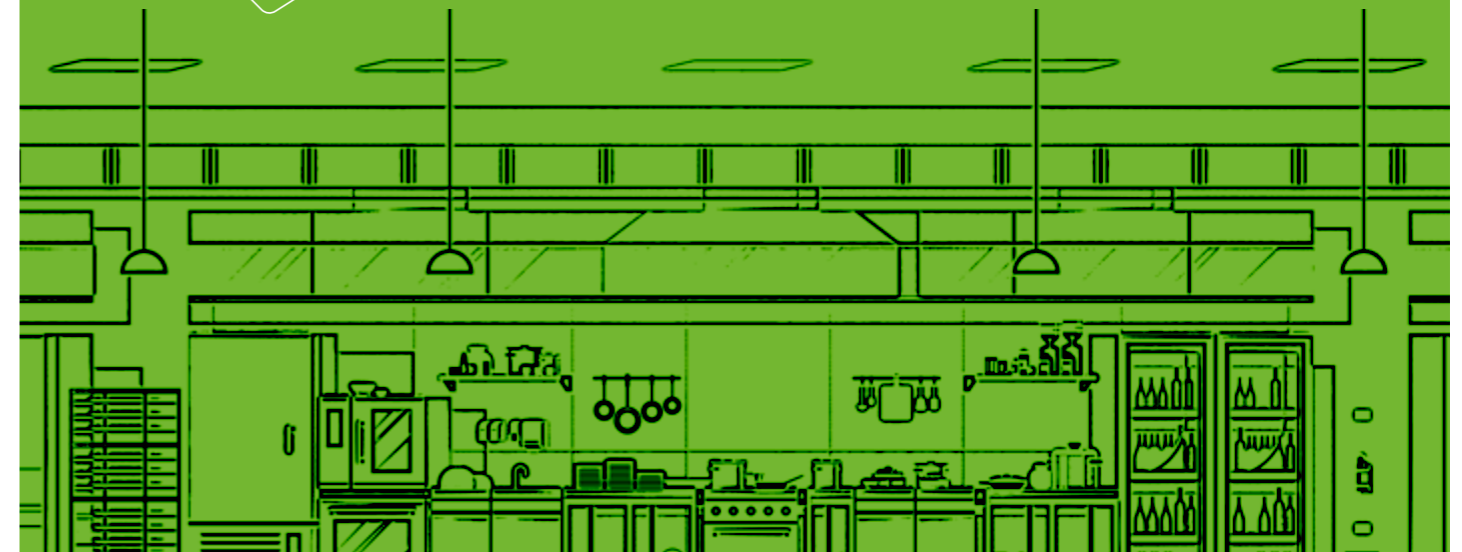

The raw materials we work with;

- * PVC (Soft & Hard)
- * TPE
- *POM
- *PP
- *ABS
- * PC
- * PMMA
- * Polyamide 6,6 & 6

WATER DRAINAGE

EN

Each aisle used for display in the cooling sector produced a certain amount of water and this water was discharged from the cabinet with the help of a water drain. Unlike the water drains used in old-fashioned systems, the WDS product was completely redesigned considering the needs of the industry.

With the new design, water drain breaks during shipment are prevented and chronic problems are prevented. In addition, with its modular structure, parts can be replaced in case of damage.

Thanks to its gradual structure, it prevents 100% of possible water leaks. Hygiene and odor problems are not experienced together with the structure that enables water drainage to occur without any problems.

- Modular structure and repairability
- 0% leakage with staggered structure
- Easy assembly and installation
- Anti-break design

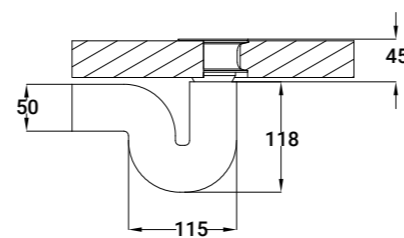

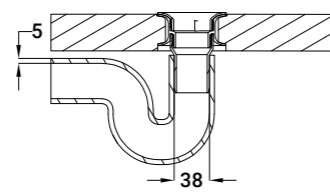

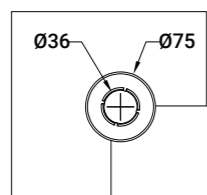

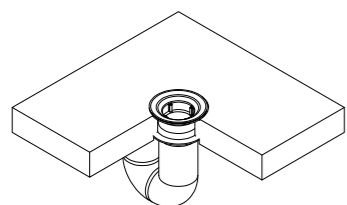

TR

Soğutma sektöründe teşhir için kullanılan her bir reyon, belli bir miktarda su üretir ve bu su dolaptan bir su gideri yardımı ile tahliye edilirdi. Eski usul sistemlerde kullanılan su giderlerin aksine, WDS ürünü tamamen sektörün ihtiyaçları göz önünde bulundurularak tekrardan tasarlandı.

Yeni tasarım ile birlikte sevkiyat sırasında yaşanan su gideri kırılmalarının önüne geçilmekte ve kronik problemlerin yaşanması engellenmektedir. Ayrıca modüler bir yapıda olması ile birlikte hasar yaşanan durumlarda parçalar değiştirilebilir.

Kademeli yapısı sayesinde olası su kaçağlarının %100 önüne geçmektedir. Su tahliyesinin sorunsuz bir şekilde gerçekleşmesini sağlayan yapı ile birlikte hijyen ve koku problemleri de yaşanmamaktadır.

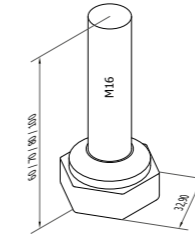

- Modüler yapı ve onarılabilirlik
- Kademeli yapı ile %0 kaçak
- Kolay montaj ve kurulum
- Kırılmayı engelleyici tasarım
